Since 2006, Nathan Ivey has been developing church led outreach and mercy ministries for individual churches, networks and associations. His unique approach helps Pastors release the members in their pews to address and alleviate some of today's most pressing community challenges in the name of Jesus Christ.

He founded Seed to Oaks to help plant NEW churches to advance the kingdom, revitalize churches with NEW Life, engage marginalized people with NEW hope, and coordinate NEW mission activities to reach those far from God.
